DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on November 29, 2004 has been entered.

Allowable Subject Matter

2. Claims 1 to 9 are allowed.
3. The following is an examiner's statement of reasons for allowance: The art of record does not teach or fairly suggest the steel tube for reinforcing an automobile door having a composition, as claimed with a tensile strength of no less than 1000Mpa and has an absorbed energy before buckling of at least 1160E(J) and is excellent in three-point-bending; and the method of producing steel tube for reinforcing comprising the steps of preparing a mother steel tube having a composition, as claimed, and subjecting mother steel tube to diameter-reducing rolling process in which the total diameter-reduction rate is no less than 20% and the temperature at which the diameter-reducing rolling process is finished is at 750C or less to provide a finished steel tube with a

tensile strength of at least 1000Mpa. The criticality of the diameter-reducing finishing temperature of 750C or less is established in the test data on page 17 of applicant's specification. Note that test examples with finishing temperature of 850 or 900C have significantly lower absorbed energy and tensile strength values compared to examples finished at 750C .

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Deborah Yee whose telephone number is 571-272-1253. The examiner can normally be reached on Monday-Friday from 6:00 to 2:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Roy King can be reached on 571-272-1244. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
